

Snooperette Options-

You can customize your new BIRNS SNOOPERETTE, often at no extra cost, to make it ideal for your own requirements. These options are:

• <u>Lamp:</u>	Many different lamps are available for the SNOOPERETTE. Please see the Lamp Options table 'A' below for details of the most popular choices.
• <u>Lens:</u>	Six different lenses are available for different applications. Please see the Lens Options Table 'B' below for details.
• <u>Mount:</u>	Various mounting options are available for different applications. Please see the Mount Options table 'C' below for details.

Lamp Options Table 'A'	Notes:																																																																		
	1. Unless specified otherwise, the default "standard" lamp installed in the SNOOPERETTE is 32C-003 (12v/100w)																																																																		
	2. These are the most popular lamp choices, but many others are available for special applications. Ask our Technical Sales Team for more information.

Lens Options Table 'B'	Changing the lens is very quick and simple, so it's easy to keep various lenses on hand for different jobs.																																																																		

Lens	Part No.	Benefit	Application
Clear	35A-007	Greatest light output	General illumination
Clear, Deep	35A-008	Greatest light output	General illumination; deep-submergence
Frosted	35A-009	Diffuses light beam	Excellent for video or film
Frosted, Deep	35A-010	Diffuses light beam	Video or film; deep-submergence
Blue	35A-011	Matches color temperature of daylight (5000 K)	Reduces backscatter in murky water; good for color filming
Blue-Frosted	35A-012	Diffuses light output and increases color to 5000 K	Excellent for color filming, or for filming or videotaping in murky water

Mount Options Table 'C'	Changing the mount is very quick and simple, so it's easy to keep various mounts on hand for different jobs.
--------------------------------	--

Mount	Part No.	Application
Stainless Steel Yoke Assembly	44A-006	General purpose yoke-mounting
Handgrip Assembly	44B-001	Hand-held; leaves hand available for work
Helmet Mount, Superlite	44C-003	Excellent for helmet mounting on Kirby-Morgan/DSI's Superlite
